

ANNUAL MEMBERSHIP DRIVE 2008-2009

During the months of December, January and February, we will be recruiting individuals and families to add to our Francophone Association 's (AFN) list of members.

We invite you to brag a bit! Tell your friends, neighbours, anyone whom you think might be interested, to consider joining our association. Should they answer that they have no time to participate in our diverse activities, please underline that the only prerequisite is a shared belief in our mandate and the nominal membership fee is a worthwhile investment, not to mention the many discounts available to our members for products and services.

An added bonus is that all new members (and those renewing their membership) who join between December 1st and February 28th, 2009 will have their name entered into a draw for the First Nations' Limited Edition print by Nanaimo artist Fred Anderson. This beautiful print has a retail value of \$300.00.

Seeing that our present members (registered since April 1st, 2008 are a vital force in this annual membership drive, their names shall also be entered into the draw.

Don't forget that for every new member you recruit
your chances of winning become even greater!
